

Your complete fluid & transfer solution

Spiral Hose Guard Bulk Buy Special

**4+
CARTONS
SPECIAL**

Protective Spiral Hose Guard offers the following performance benefits:

- Developed to increase the service life of hydraulic hoses
- Manufactured from tough HDPE for ultimate protection against abrasive wear and crushing damage
- Unique rounded edges make it easy to install and reduces risk of exposed sharp edges
- Wide range of sizes suits most hose diameters
- Can be used to protect a single hose or to bundle hoses/cables together
- Spiral cut for ultimate flexibility
- Resistant to chemical attack and suitable for use in the most aggressive environments
- Suitable for use with equipment operating across a wide temperature range (-10°C to 90°C)
- Fire resistant and anti-static versions available for use in sensitive environments
- Suitable for use with all hydraulic fluids including glycol and phosphate ester based products
